Have we to simply suppress everything just because the rules do not permit ? What more urgency can there be than the one I have mentioned in the adjournment motion ? It is unfortunate that the Chief Minister to whom the students presented a memorandum is not here. They have taken to only constitutional methods. There cannot be any more urgency than this matter. We want to know what the views of the Government are. We are seeing ministers going to several functions for inauguration etc. This is the burning problem of the day and I want some time to be allotted for discussing it.

We hear that the gates of the Prime Minister's House which rarely used to be opened, have now been opened for the benefit of the common people. Here, what do we see ? The poor and the down trodden are being suppressed every day. It is necessary to change our attitude. Sir, you come from an agriculturist family and from a rural constituency. You know the difficulties of poor people. I request a ruling on the subject allowing for some discussion in this House.

MR. DEPUTY SPEAKER.—The hon. Member Sri V. N. Patil has given notice of an adjournment motion regarding the day-long Dharna by the Vidyarthi Yuvajana Sangha. As I said earlier strike or Dharna are not fit subject matters for adjournment motion. Consent is therfore refused and the notice is disallowed.

SRI M. NAGAPPA (Raichur).—Sir, I take objection for taking up the Mysore Beedi Industrial Premises (Regulation of Conditions of works) Repealing Bill, 1969, for consideration. My objection is, this should not have been included in the Agenda at all. Rule 175 of the Rules of Procedure says :
